

48A and 48B: METAL TECH CAGES, ARMOR, FENDERS AND SLIDERS

From Mark and L.T. at Oregon-based Metal Tech come some of the world's toughest and innovative 4WD Toyota products. Famous for their line of FJ40 roll cages (and custom cages for other Yotas), and renowned for their FJ Cruiser bumpers, sliders and half doors, stinger 40-series bumpers, steel tube fenders, and of course it was Metal Tech who were the first to make the kick-out style sliders, a favorite especially amongst 80-series Land Cruiser owners. You must see their full line of armor and bumpers at www.metaltech4x4.com or call Metal Tech at (800) 839-0684.

49: RUGGED RESCUE 8-IN-1 SURVIVAL KIT FROM IRONMAN 4X4

New, versatile 8-in-1 Ironman 4x4 Rugged Rescue Survival Kit provides maximum strength and functionality, combined in a tough and compact hold-all carry pack. The Ironman 4x4 Rugged Rescue Survival Kit is manufactured using the highest grade, investment cast stainless steel ultra-tough handles. You get a tree saw, shovel, 1/2-inch socket drive (imagine the leverage you'll get with that handle!), mallet, tire levers, a funnel and our favorite, a pick/axe combination that would kill a rhino. Seriously. The thing is razor sharp. High quality construction mean no worries about a cheapo knockoff breaking on you while digging out of mud or changing a tire. A vital thing to have on any trip offroad. \$325.

50: BILL BURKE/4-WHEELING AMERICA INSTRUCTIONAL DVDS

From 4-Wheeling America's Bill Burke comes his popular DVD, "Getting UNStuck". Pop in the DVD and learn in the comfort of your living room! Two hours of footage that covers all elements of a safe smooth vehicle extraction. From stuck assessment to proper use of the Hi-Lift Jack, recovery strap and winches, Getting UNStuck teaches you what you need to know for self-recovery. Bill Burke takes the mystery out of Getting UNStuck with classroom quality demonstrations. 120

minutes of critically important, essential instruction, not just footage of 4-wheeling. A must-have for all users of 4-wheel drive vehicles. 12 demonstrations on how to get unstuck in desert, beach and mountains; 15 technical demonstrations; 15 useful tools for off-highway use. 4-Wheeling America just celebrated 25 years of operation and there are very few people with the offroading knowledge base of Bill Burke, himself a member of Team USA's Camel Trophy team in Africa. Also available is his "Getting PREpared" DVD. When venturing into the back country for camping, wildlife or wildflower watching, fishing, hunting, biking, hiking, or to enjoy a 4-wheel drive trail, there are many choices to make, and planning to be done to insure you are prepared for a comfortable, fun adventure. Suggestions on vehicle and appropriate personal gear selection, how to best pack and secure your gear, choosing a million dollar campsite, cooking, planning the trip and more! Bill Burke discusses all of these decisions during this 80-minute DVD with further information on land navigation, tires, suspensions, and mechanical basics. Included with each DVD is an 8-page booklet with detailed checklists that can be used and re-used to ensure that viewer's adventures are well thought out and executed with a maximum fun quotient. Also included is 20-minutes of bonus footage with outtakes. www.bb4wa.com, or call 970-858-3468.

51: BTB PRODUCTS DASH BOX FOR FJ40 LAND CRUISERS

This BTB Product is a direct replacement for the original dash pad on your Toyota FJ40 Land Cruiser. It is designed to bolt directly to the dash once the OEM pad and lip are removed. This new Dash Box is lockable for storing valuables and other items. Fits 1969 thru 1983 FJ40's. MSRP \$297. For more info on this and other products go to www.btbprod.com or call 702-568-1511.

52: BTB PRODUCTS AFTERMARKET STEERING COLUMN FLOOR MOUNT

This special BTB Product was designed to be a bolt-in application to allow an after-market 2" or 2 1/2" diameter steering column to be mounted against the inside firewall of a Toyota FJ40 Land Cruiser. This unique cast mount incorporates a swivel base to set the column angle at the dash. It is a direct fit for 1973 thru 1981 FJ40's but will work on earlier models with firewall modifications. Retail for \$142. Go to www.btbprod.com or call 702-568-1511 for full info.

53A and 53B: BUDBUILT 5TH GEN 4RUNNER BUMPER

Wow! Check out the new 5th-gen 4Runner from BudBuilt! Made of laser cut .134 and .187" thick steel. Super rigid framework with non-load bearing material removed for a strong but lightweight bumper. No trimming of factory bumper plastic is needed. Fully bolt on! Takes up to 9500-lb winch. Fully enclosed winch

mount area allows access from on top or thru the bumper with remote winch freespool lever tool. Optional lights, turn signals, hoops and light tabs all available. Check this mean piece of engineering out, along with BudBuilt's huge line of Toyota armor, sliders, skid plates and more at www.BudBuilt.com or call Bud at (828) 572-1202.

54: IRONMAN 4X4 275 AMP DUAL BATTERY KIT

The Ironman 275 Amp Dual Battery Kit performs an automated parallel function which allows two separate batteries to be charged as one. The kit also allows the user to override the automatic function and link the two batteries together for double the power when needed. When you're deep in the back country, having two batteries is smart, and the Ironman 4X4 dual battery kit keeps them fully charged and ready to go. When the voltage drops below 12.2 volts, the Ironman 275 Amp Dual Battery Kit disengages, isolating the batteries. This system eliminates the possibility of draining the start battery, as long as your accessories are connected to your auxiliary battery. Dual battery LED monitor, 5 meters of heavy duty red cable, 5 meters of heavy duty black cable, 10 meters of split tubing, 6 cable lugs and heat shrink, override rocker switch, high amp dual sensing automatic function (cut in

when main battery above 13.7V, isolates main battery below 12.2V), dual manual override with additional override switch, sliding plate contacts, ignition protection, all hardware included, monitor dims with headlights on, and fully sealed. \$335. Ironman products are found at www.Camel4X4.com, 800-698-6976.

55: IRONMAN 4X4 SHOCK ABSORBERS AND LIFT KITS

From the rugged geography of Australia comes a full line of 4WD Toyota lift kits and suspension components (leaf springs, coil springs, shocks, steering stabilizers) from Ironman4X4. Built to handle the rigors of punishing offroad travel, the Ironman kits are available for Toyotas ranging from FJ40s top 4Runners to FJ Cruisers to 100-series Land Cruisers to many more as well! Every Ironman shock absorber is force velocity tested before packaging to ensure all parts received are uniform and within operating specification. High quality materials such as German Fuchs high temp shock absorber fluid and Japanese NOK multi-lip seals are used. Strength and durability requirements are handled by the use of reinforced single piece eye rings and stems. Rubber shock absorber bushes are used by Ironman to promote maximum flexibility and reduction in unwanted side load and NVH (Noise Vibration Harshness). Ironman 4x4 has also released a soft ride shock

55

absorber capable of delivering incredible smoothness of ride through a unique valve code only available from Ironman. With a twin tube 35mm bore and piston, these shock absorbers are available for selected vehicles where comfort is preferred rather than firm control. The softer valving is best suited to light or no load applications. Find Ironman products at www.Camel4X4.com, 800-698-6976.
